

Sergey 2nd in fifth stage

Wednesday, 05 September 2007

Our Russian sprinter Sergey Kudentsov became 2nd in the fifth stage of the Tour de Korea. Pol Nabben is still third on GC. Park Sung Baek won the stage, bringing him only 3 seconds from GC leader Hannes Blank. Hopefully this will make the Luxemburg Differdange team of the GC leader more offensive and the race more dynamic in the next stages.

Stage 7 has some serious climbing, so hopefully the DCMPT guys can make their move there!
